EXPERIENCE

DICT HackForGov3 2024

CTF Player — UC Baguio Representatives Sep 2023 - Present

- Collaborated effectively with a diverse team during the DICT HackForGov3 2024 Capture the Flag competition, demonstrating strong teamwork and problem-solving skills to tackle complex cybersecurity challenges.
- Showcased adaptability and a commitment to continuous learning by successfully upskilling in cybersecurity, applying these new skills alongside my software development/engineering expertise to contribute significantly to the team's performance.

Web Developer

(Freelance) Sep 2023 - Present

- Developed and designed a visually stunning and fully responsive website application utilizing react-based technologies and deployed in Vercel.

University of the Cordilleras

Student Computer Scientist — Software Developer Baguio City, Philippines Aug 2023 – Present

- Successfully developed a full-stack portfolio university project website using HTML5, CSS3, and JavaScript ES7+, with the features of admin login authorization for you to see your own Email, Facebook Messenger, and SMS messages.
- I lead a small team of three members for our technopreneurship project, and I handle all the web app development. We proposed and developed the UC GastroBaguio web app, a community platform for hospitals in Baguio City, Philippines, focusing on solving gastroenteritis cases.

PHINMA University of Pangasinan

(Graduate) Aug 2021 - Jun 2023

- Graduated in Science, Technology, Engineering, and Mathematics.
